PROTECTOSEAL®
Safety Without Compromise

The safety experts

Protectoseal has engineered an innovative range of products designed specifically to minimize both the risks and costs associated with the protection of people, equipment and the environment in these uniquely hazardous working conditions.

Also available on Pressure and Vacuum Conservation Vents and Tank Blanketing Valves is our exclusive PURE-TECH cleanliness protocols required in pure water and pure chemical applications (not food grade).

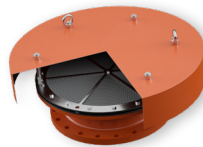

See below for a wide range of products with the following approvals; FM, UL, USCG & ATEX.

1

In-Line Detonation Arresters
